

Tune of the Month Snapshots

Snapshot A is from the Dec 2007 Tune of the Month.

A

Example of a preview spot that isolates the right hand.

This measure is taken out of the tune itself and corresponds with the preview spot.

Snapshot B is from the Oct 2007 Tune of the Month.

B

Example of a preview spot that works the left hand. It builds off a simple framework and adds the high 3rd finger in the 2nd measure and then adds the triplet in the 3rd measure.

This pickup measure along with the first note of the following measure correspond with the preview spot above.
